Care for Diverse Patient  
Populations

Standardised Refraction  
Workflow Powered by  
SightPilot NAVi™

 **TOPCON** Healthcare

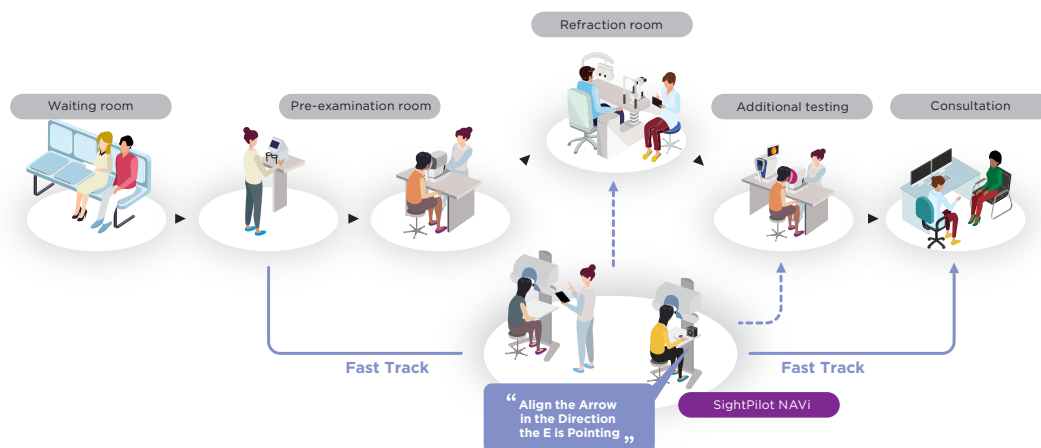

\* The external speaker or headphones are not included and must be purchased locally. Please check with your local distributor for details.

# SightPilot NAVi™

## Balancing Innovation with Tradition for an Enhanced Refraction Workflow

SightPilot NAVi™, equipped with multi-language voice guidance, allows patients to easily follow instructions and proceed through a refraction. By combining voice guidance with a simple controller, patients can select their preferred options each time and perform both objective and subjective tests. This helps streamline refraction workflow in your clinic.

Controller SNI-1\*2\*3

### Example of visual acuity charts

Visual Acuity Test

Red-Green Test

Cross Cylinder Test

\*2 SNI-1 is an optional accessory for Chronos.

\*3 This product is in conformity with Regulation EU 2017/745 on medical devices (MDR).

**IMPORTANT** In order to obtain the best results with this instrument, please be sure to review all user instructions prior to operation. Not all products, services, or offers are available in all markets. Contact your local distributor for country-specific information and availability.
